HOSPITAL NEED-\$5.000

New Photo Of West Lincoln Memorial Hospital

This view shows the south side of the building, or main public entrance, since the roof has been raised. Construction work is practically finished and equipment is being installed. It is expected that the building will be ready for occupancy within a very short time.—Cut courtesy St. Catharines Standard.

LAKE EROSION IS SERIOUS PROBLEM

While Dominion Government Build Piers To Protect Their Own Property They Assume No Liability For The Protection Of The Shore Line Along Inland Waters That Being The Responsibility Of The Provincial Government—Consulting With Engineers.

Despite the fact that the Dominion government constructs piers or breakwalls to protect their own property, even they do damage to somebody else's property, they assume no liability for erosion or damage along water lines on inland lakes, that responsibility being the Ontario government's.

That much information is gleaned from a letter received by North Grimsby council from N. J. M. Lockhart, M.P. for Lincoln, who has had the matter in hand in Ottawa.

At the time that the Department of Militia constructed the Winona rifle ranges they built out into the lake two or three small piers for the protection of the rifle range shore line. These piers, of the solid type, have been the cause of very much damage by erosion to the properties lying to the west of the ranges. Much more damage has been done by the lake storms since the construction of these piers than had been, or would have been the case had the piers not been built.

This is just another example of proof that solid piers cause more (Continued from page 7)

Remembrance Day Well Observed

Very Large Turnout Of Veterans Of Two Wars And General Public — Graves Decorated.

Tribute to Grimsby's war dead was paid at the annual dedication and memorial service, held in the Roky theatre Sunday afternoon under joint auspices of Lincoln Loyalist Chapter, I.O.D.E., and West Lincoln branch, Canadian Legion, at Queen's Lawn Cemetery and at the cenotaph in St. Andrew's churchyard.

Headed by the cadet bugle band, veterans of World War II, Legionnaires, Boy Scouts and school cadets paraded to Queen's Lawn Cemetery. Town and township officials and members of the I.O.D.E. and other organizations followed in cars.

Wreaths were placed at the cemetery memorial gate by Mrs. E. A. Buckenham, for the I.O.D.E.; Mrs. Grace Maeder, for Ontario Government; Mayor Henry Bull, town of (Continued on Page 7)

Will Back Police

Incensed over the fact that Halloween celebrants disfigured the library doors by daubing them with paint, members of the local library board passed a resolution "to back the police in their efforts to apprehend the culprits."

WILL PURCHASE DUMP TRUCK FOR TOWNSHIP ROAD WORK

Tenders Received For Woolverton Mountain Road Construction, Also For Crushing Stone — Apparently New Brickyard Scheme Has Been Abandoned — May Round-Off Corner Of Nelles Road And No. 8 Highway.

Tenders for making repairs to the Woolverton mountain road were received by North Grimsby council in session on Saturday afternoon last, but until the tenders are checked by the Township Engineer council will not take any action on them.

A. Cope and Son of Hamilton made a tender for \$7,500 for removing the earth necessary, blasting and removing the great amount of rock and constructing the necessary new piece of roadway. I. J. Crook of Aldershot put in a tender for doing the same work at \$4,500. Mr. Crook also placed a tender for crushing 3,000 (Continued on Page 7)

High School Has Run Out Of Soap

Shortage Stops Work Of Carving Class—Hot Lunches For Pupils Cost \$15 Weekly.

The shortage of laundry soap is now being felt at the local schools, soap carving work being temporarily discontinued due to the shortage, on the suggestion of C. D. Millyard at the board of education meeting on last Wednesday evening.

A. V. Catton informed fellow board members that the arena—closed for the past two winters owing to war-time restrictions—would probably be in operation within a month but that the charge to the board of education for the periods allotted to school pupils would probably be double that which had previously been paid.

P. V. Smith, high school principal, announced that moving pictures on V.D., recommended by the department of health, would be (Continued on page 7)

Bingo!

The Woman's Auxiliary, West Lincoln Memorial Hospital, are arranging a Bingo, to be held in the Masonic Hall on Monday evening, November 26th at 8 o'clock.

The admission will be 35c for ten games. Extra games, for which the prizes will be chickens, and believe it or not, there will be a couple of dollars, and we will try to give you your money's worth and your money will be helping the Auxiliary with their work for your hospital.

Decorated

Captain James T. Jenkinson, Grimsby boy, who has been awarded the Military Cross for gallantry under fire. He is a son of Mrs. Thomas Jenkinson, and suffered severe injuries in the European theatre that necessitated the amputation of both his legs above the knee. He is at present in Christie Street hospital.

Will Establish New Mail Route

Petition Being Circulated For Signatures For Supplying Of Mail Boxes In West End.

At the request of the Post Office Department, Councillor Wm. Mitchell is circulating a petition amongst the residents of North Grimsby, residing between Kerman avenue and the Saltfleet line, between the Mountain and the lake, requesting the Department to supply, at the expense of the residents, a suitable outside mail box.

These boxes will be used in connection with the proposed new rural mail route in the above outlined district. Some time ago Mr. Mitchell requested that this route be established and during the summer the Department called for and received tenders for the delivery of the mail over the route.

Mr. Mitchell states that only 50 per cent of the residents have to sign the petition for mail boxes in order to have the route established, but he believes that the petition will be signed 100 per cent.

Grimsby Weather

HEWSON PROPERTY PURCHASED TO WIDEN LIVINGSTON AVENUE

A GREAT JOB

Grimsby, like all the rest of Lincoln county, certainly went to town, and then some, in the Ninth Victory Loan drive which closed on Saturday night last. Chairman Archie Aiton, his committee members and his salesmen are to be congratulated on the grand job that they done. They not only topped their first objective of \$500,000 by \$208,000, but that still topped their second objective by \$108,000. Not only did the individual citizen respond to the call for funds in a fine manner but the boys and girls in the factories did likewise.

In the payroll division there were 287 applications for a total sales of \$52,300 which is an increase of \$12,200 over last loan. In this division The Independent made a bad error last week when we reversed the figures of the two canning factories. The correct figures for each plant appear herewith.

Charles Delapante led all the salesmen to the wire with a grand total of \$130,100, while "Pat" Boehm topped all salesmen in total number of applications written with 254, the highest total ever reached by a Grimsby salesman in any loan. He beat out the high record of D. E. Anderson in the last loan by eight.

Preliminary tabulation of the Ninth Victory Loan, based on returns up to close of business Saturday in Lincoln County reveal that \$12,410,550 was subscribed, nearly \$2,500,000 in excess of the minimum objective of \$9,950,000. Beamsville set the highest percentage record of the eight county sales districts. In Beamsville, G. C. Horton, West Lincoln organizer, reported \$812,750, was subscribed, which was 162.55 percent of the sales objective of \$500,000. In winning permanent possession of the 9th. Loan plaque great credit is reflected on George "Pep" Shepherd, chairman of the general sales committee at Beamsville. Five of the six salesmen in that territory turned in more than 200 applications each.

Daily Sales Record		
	This loan	Last loan
1st day	\$33,200	\$41,200
2nd day	18,050	32,600
3rd day	17,450	23,600
4th day	22,450	27,300
5th day	39,350	20,300

9th Loan	500,000	708,650
Total		\$3,659,100

Providing Clear Title Can Be Given—Price \$800 — Argument Was Long—Vote Was Close — Council Will Grant A License To Stoney Creek Dairy If Sanctioned by Milk Control Board.

Argument waxed warm, long and exhaustive at last night's session of Town Council. At times it was difficult to hear the persistent rapping of Mayor Bull's gavel above the babel of voices.

A written offer from A. Hewson and Son to sell the property at the top of Palmer's Hill started the wheels of conversation rolling furiously. This property is the vacant land facing Main street at Paton, and running west to Murray street paralleling Livingston avenue. It was originally a part of the old H. G. & B. Electric Railway property.

Hewson and Son offered the land to the town for the sum of \$800 with an agreement that they would move the south wall of the brick storage building, on the west end of the land, to the north in order to straighten out the property line when the town was ready to widen Livingston avenue for traffic.

Every conceivable point and angle regarding the property was discussed at length; street widening for two lane traffic; safety measures for school children; possibilities of other buildings being erected; the property becoming an eyesore and most everything else that any councillor could think of was brought to the surface.

Will Celebrate 69th Anniversary

Special Services At Grimsby Baptist Church On Sunday — Rev. T. B. McDormand Of Toronto Will Preach.

Rev. T. B. McDormand, B.A., B.D., of Toronto, will be the visiting preacher at the 69th Anniversary Services of Grimsby Baptist Church. Mr. McDormand is at present Editor of Baptist Publications for Canada. Although a comparatively young man, he has had a wide experience as a pastor of influential churches in the Maritimes and in Western Canada. For several years he was Director of Christian Education for the Baptist Union of Western Canada where his success with young peoples groups was outstanding. He is the author of a widely used book "Building the Worship Service."

(Continued on page 8)

Unique Event In Church History

Rev. W. J. Watt Suddenly Stricken — Student Sons Conduct Services At Trinity United.

An event unique in the annals of Grimsby church history occurred on Sunday last at Trinity United church.

On Saturday evening Rev. W. J. Watt, pastor of Trinity United, was suddenly seized with an appendicitis attack and rushed to Hamilton hospital where he was immediately operated upon.

His two sons, Robert and George, recently discharged from the R.C.A.F. are taking theological courses at Toronto University with a view to entering the ministry of the United church. They were informed of the father's illness and came directly home.

On Sunday morning Robert conducted the service in Trinity United and in the evening George occupied the pulpit. Both young men handled the difficult task in a very creditable and able manner.

The condition of Rev. Mr. Watt is greatly improved which will be pleasing news to his many friends.

DRIVE STARTS NEXT MONDAY

An announcement by the West Lincoln Memorial Hospital that the opening is now only a matter of weeks is of particular interest to the people of West Lincoln and marks the completion of a real job well done, which has been carried on together with many other patriotic duties during the past two years.

To show their sincerity of purpose, the people of this district from Winona to Jordan and south to Smithville have contributed \$40,000.00, this together with the property donated by the late Mr. C. J. Eames of Hamilton and grants from the Province and Lincoln County makes up a total valuation of \$75,000.00 all paid for, with no strings or conditions except to serve the public at no profit.

The Directors feel that the Hospital should have a minimum of \$5,000.00 for the purchase of operating supplies, and to run until revenue comes in. In order to raise this, the people from Winona to Jordan are to be asked to subscribe this amount during the week of November 19th—26th. Smithville has completed its quota.

While as stated above, all expenses in connection with the new hospital have been paid for, ready cash is a necessity for the first few months of operation and it is this ready cash that the people of this district must provide.

Canvassers in connection with this drive for funds will hold a meeting at the hospital on Sunday in order to familiarize themselves with the whole project in order that they can give first hand information of all kinds to the people that they call upon for subscriptions.

Grimsby and North Grimsby and all the rest of this district has just finished a grand job in the Victory Loan. Now let us give one more big push for ourselves. Let us raise this money for the hospital and in so doing we are doing something to help ourselves. We have helped everybody else in the past, now let us do something on the Home Front.

When a canvasser calls on you, do what you can, no matter how small the amount may be it will all help to swell the grand total when the campaign is completed.

Geo. Upper Goes In Bus Business

Purchases New Coach And Will Transport Pupils To And From Beamsville High School.

George Upper of Beamsville, who has been conducting a large trucking and transport business throughout this district the past few years, has ventured forth in another automotive endeavour. This time he has gone in the motor coach business.

In order that pupils from Jordan Harbor, Jordan Station, Jordan, Vineland and intermediate points may have good transportation to and from Beamsville High and Vocational school, from those territories, Beamsville Board of Education have granted a contract to George to pick-up the pupils every morning and take them home again every afternoon. This service commenced on Tuesday of this week.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

ANONYMOUS LETTERS

The Independent is in receipt of an anonymous letter, purported to be written by "A Group of Indignant Students," anent our remarks in this column last week about the destruction and depredations of Halloween night. This paper like all other good newspapers does not print anonymous letters. We just consign them to the wastepaper basket. We will print Letters to The Editor under a pen name, but we must have the full name and address of the writer as a sign of good faith and not necessarily for publication.

THE HEAT IS ON

"Higher prices have resulted almost without exception on articles whose ceilings have been raised or removed lately."

So says 'Business Week,' an American publication which deals with current events in business circles. The story would be substantially the same in Canada if price control had been taken off the items to which Business Week refers.

Finished products, component parts and raw materials are all included in the goods where price boosts occurred.

The trend is up, up, up when price controls are removed. In Canada, careful watch is being kept at this time over the prices of all goods. Controls will be taken off as soon as any particular item is in good supply, but not until then. When goods are plentiful, there is no tendency for prices to go up. There is no scrambling on the part of the public for scarce goods. Competition of its own accord keeps prices down.

With inflation weather definitely ahead of us, let's keep the storm signals flying so Canadian commodities won't put out from the harbor of price control into a sea of wildly rising prices.

CYNICAL AND SHARP

President Truman's formula that wages should increase but the cost of goods remain stationary, has not been enthusiastically received in the nation to the South. Cynical and sharp comment is passed by Dave Boone, in The New York Sun:

Cal Coolidge said the preacher was "agin it," in speaking of vice. So Harry Truman, too, is "agin it," when he talks on inflation, deflation confusion, strikes and everything that balks reconstruction. That's his speech boiled down, from all I can make of it.

The President says everything can be settled if we give and take, but the trouble is there's always more takers than givers in any situation involving human nature.

Washington has fathered the idea you can save what you spend, and spend what you haven't got. Now it says you can spend more to make an article but you can't charge more for it.

To find anything new, definite or helpful in the President's address you'd have to use radar.

The actual fear is that the attitude of the President will, in due course, aggravate a situation which already borders on turmoil. How working hours can be cut to 40 hours a week and wages increased by 30 per cent., without the cost of the product being higher, as in the case of motor cars, is something that will confound an Einstein.

BACK TO CHURCH

With the arrival of the fall season, the most active season for the churches gets underway. A great many people stay away from church during the summer months, although heaven knows we need the inspiration and help of the church just as much in the summer as any other time, points out the Barrie Examiner.

But whether or not church-going has been properly observed during the summer months, all should get back into the habit now that fall is here.

Church going is merely a human way, and a corporate way of showing gratitude for all the goods things we enjoy. There are

those morbid minds who would rather dwell on the sad things of life, and forget that they have a right to be grateful for the God given privileges that all of us possess in some degree.

We can all be thankful for our homes, our friends, our food, clothing, and the beauties of the country in which we live. We can be thankful for music, and laughter, and the other simple pleasures of life. We can be thankful for being spared so much of what others have suffered in these past six years. We can be thankful for eyes that see, and ears that hear, the minds that can think.

We know the old story on being able to worship God just as well in the woods, along the trout stream, or even in one's own home. That's true, you can, but the trouble is, the people who argue this way don't do it. It is much better to join corporately with others in giving thanks for all the good things of life.

Lastly, the churches are the guardians of the normal and decent way of life. Let the churches starve for membership and money, and you will lose all the freedoms to which we have become accustomed, and for which too often, we fail to be thankful, and fail to safe-guard. Let's go back to church starting next Sunday.

A WORD FOR OUR GRANDMOTHERS

J. Donald Adams who writes so delightfully of books and reading in the Sunday Edition of the New York Times, pointed out in a recent issue that, "something like a note of envy, of rather unwilling admiration creeps into our increasingly frequent references to the Victorians."

This is not surprising, rather it is remarkable that the virtues of our ancestors had not received our earlier admiration. They were remarkable people, they laid the foundations of progress. We are slipping a bit, it is no wonder that we are beginning to exhibit nostalgic feelings for those we once blushed to remember.

No one expects us of course to go back to "whatnots" and antimacassars, nor are we likely to throw away the gadgets for which our age is famous. Our grandfathers missed a lot, but after all it is not wholly delightful to live in an age in which we are daily astounded by our accomplishments, but perpetually reminded that unless we step more warily than we have in the past we may be in grim danger of blowing up the world, or, at least smashing the civilization of which, in fleeting moments, we are rather proud.

The chances are that future generations will look back and express their astonishment at our lack of progress. Science opened its doors to us but we used the gifts of science for war. Education has been more widely diffused, but with it has come the idea, that we must get and not give, and that in some way a beneficent state must attend us at birth, provide food, clothing and education, give us a job, a pension and a decent funeral, with rarely a hint that we should do anything in return. There are times when we seem to be rather proud of our ability to kick down the ladder by which we have climbed.

A good deal of this arises out of altered conceptions in regard to money. The Victorians understood its nature and its use. They knew that trade was an exchange of goods. Adam Smith taught them that, they never faltered in their firm acceptance of it. They knew that only by increased production and exchange could the standard of living be raised. We know, now, or we think we do, that the state can do it all. The result is a departure from reality, a search for the 30 hour week and a hope that all will be well when we achieve a more generous measure of leisure. Consideration of how we intend to use it is, of course, a trivial matter—that will be organized by the state.

How are we to get, once more, our feet upon the ground. It's not easy to change established ideas, we have had our heads in the air so long that it is quite impossible for us to look at facts or to recognize them if we did. Our task now is to glance back over the road we have travelled, think of the mistakes we have made, move more carefully in the future. It is good that we should look back to our ancestors and be proud of them, perhaps better, that we should strive to be worthy of them.

Letters to the Editor

The Independent:

Enclosed please find renewal subscription for Independent, also appreciation of the "sound" spanking you administered to the Halloween hoodlums who destroyed and defaced so much private property of respectable residents of Grimsby.

The regrettable feature is that such ruthless rascality should come, not from the much maligned "rowdy element" relegated to that area known in all small communities as "across the tracks", but from the "Higher Education" (?) Classes, the Intelligentsia, who owe so much for their privileges to the humbler, hard-working masses who, at the cost of much self-sacrifice may become owners of modest homes, and, in consequence, are assessed as Public School Supporters. I feel confident that all sober-minded citizens give you credit for getting after such preposterous practices.

As Molly says, "Taint funny, McGee!"

Old Bob.

'WAY BACK WHEN

Frank Fairborn, Jr.

For a lot of years past, the question of Poll Tax has been a contentious argument. During the war years, thanks to ex-Councillor Anderson, Poll Tax has been a forgotten item in Grimsby Town affairs. No doubt it will come to the fore again next year. It is a question that has always caused plenty of argument and trouble.

As far back as 1900 Poll Tax was, causing trouble in Grimsby. At that time the late Robert J. Teeter was tax collector, and a good one. The Independent was being published in the building now occupied by Rushton's Restaurant. On the staff of printers was one James McMurray. Jim refused to pay poll tax. He boasted that he had worked in all the print shops from Stoney Creek to Rio De Janeiro and had never paid poll tax yet and wasn't going to start now.

One day in walked Collector Teeter with a distress warrant for Jim's taxes and seized the newspaper press. Years afterwards I often wished that he had gone further and sold the blooming thing, for of all the curses that have been heaped on the heads of printers during the past century those old two-revolution Campbell cylinder presses were the worst.

Anyway when Editor Livingston arrived home from an auction sale and found his press seized he proceeded to give Jim a piece of his mind. Being well versed in municipal law he wasn't many minutes in locating Collector Bob and paying the two bucks and relieving the distress. When pay day came McMurray's envelope was short two dollars. Jim was heart-broken, not so much over the money as over the fact that his long record of dodging the tax collector in all climes had been broken. That old tax receipt was pasted on a panel of the door between the press room and the composing room and was still there when The Independent vacated the premises in June of 1914.

Teeter was also Truant Officer, and as hard boiled as they made them. He never coaxed us kids back to school with a licorice stick or fed us candies at Christmas as Truant Officer J. Wentworth in later years used to do, but rather he marched us back to our room by the ear and stayed on the job until he saw the black strap administered by Davy Sykes. Boy, I can see his white whiskers coming after me now.

Municipal officials were a little more zealous in their efforts and more strict in carrying out the duties of office in the old days than now. No little detail was overlooked that would benefit the municipality in any way. Here's a case in point. Ken Grout, a good many moons ago was Village Asses-

sor. When his roll was returned it was found that he had raised the assessment on a certain house \$200. The Assessment was appealed. At the Court of Revision Ken was asked his reasons for the raise and his reply was "It is the only house in the village with a circular stair case." The assessment was sustained.

"A Bunch of the Boys
Were Hitting It Up
In The Mansion House Saloon"

It was after closing hours in the olden days but that made no difference to "the gang," they were there anyway. In the party was one gent who was very adept at playing practical jokes and on the night in question was particularly mischievous, so that the gang chuckled him outside and locked the doors.

It just so happened that a new wooden sidewalk was being laid on the east side of Elizabeth street and thrown up against the west end of the hotel was a great pile of the old wooden planking. Mr. Joker after strenuous efforts to gain entrance to the inside finally went around to this pile of plank and set fire to it. When the blaze got going merrily he commenced to yell fire at the top of his voice. The bunch inside looked outside and saw the flames going skyward. Out they rushed pell mell to quench the fire demon and as they did so the joker rushed inside and locked all the doors and proceeded to quench his "fire" for several hours despite all cajoling, coaxing and threatening on the part of the proprietor and the other boys. When he got good and ready he opened up and let them in. There are many old timers still in the district that will recall this incident. The joker just died two years ago, and to the end was still playing practical jokes.

WISE GRANDMA

The time when I was sick-a-bed
The doctor often shook his head
At many a thing my Grandma said.

"Give onions once or twice a day,
'Twill typhus fever keep away!
Bread mould is good for cuts!" she'd say.

"When pennies in the damp, turn green,"
She told us with a smile serene,
"They'll help to keep a sore spot clean."

The doctor viewed her with alarm.
Said he: "In spite of all their charm,
Old women do a lot of harm."

Now moulds, produced by science pure
And methods new, precise and sure,
Are working miracles of cure.

Though long the tribute's overdue,
I'd say, in light of knowledge new:
My Grandma knew a thing or two.

CANADA UNLIMITED - The Formative Years

A Lawn Social of the 1840's—by Jack Martin O.S.A., C.P.E.

The Gracious Sociability of the Past

IT IS NOT LONG—not greatly beyond living memory—that the idea of responsible government took root in the fabric of this forming nation.

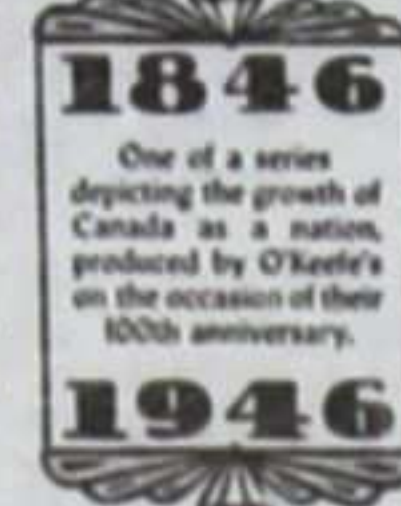

Look back through the swiftly turning years. Picture the lawn social of the middle 1840's, years when restless minds and burning energies were forming the mould of a "Canada Unlimited" Milady voluminously gowned, is still mildly

shocked at the idea that the governor should bow to the wishes of an elected assembly. Her top-hatted consort, too, is probably vaguely troubled at this new notion of freedom. Nonetheless, it is the spirit of the time.

A pioneer land is getting ready to become a Nation. Men of enterprise like Eugene O'Keefe are laying the cornerstones of ventures yet to grow great. There's an awakening realization of latent power. Canadians are seeing a vision—of a Canada Unlimited.

These hundred years have justified that vision! Through prosperity, through adversity, through smiling years of peace and troubled years of war a Canada Unlimited has emerged. And the next hundred? The will is there. The men and women, the power and the resources are there to make a greater land than was ever dreamed of.

And to each of us in this year of grace comes an opportunity to re-affirm our faith in the future by our purchase and holding of Victory Bonds and War Savings Certificates.

ST. CATHARINES OPTIMISTS CLUB

Hello Homemakers! If you have not accomplished all the canning and preserving you planned to do this summer, make the most of autumn fruits and vegetables. Let the tang of home-made pickles and the aroma of steaming sauces and simmering fruits fill your house with autumn goodness.

If you have followed The Mixing Bowl you have already read our canning instructions. Just one repetition—keep jars covered with boiling water during the processing of foods in a water-bath.

If you are fortunate enough to have a freezing locker nearby, by all means use it. The plant manager will provide an instruction booklet on preparation of food to be frozen. Oven-drying is a form of food preservation and is not difficult if you have a well-insulated oven. Vegetables must be pre-cooked and dipped in a commercial preservative solution. You can do other things while your oven is filled with drying food, but you cannot go away and leave it. If you decide to try your hand at home drying, send for instructions.

GREEN TOMATO RELISH

1 gallon green tomatoes, 1/2 cup salt, 1/2 medium cabbage, 3 sweet red peppers, 3 medium onions, 6 1/2 cups vinegar, 1 tbsp. celery seed, 1 tsp. mustard seed, 1/2 tsp. whole cloves.

Put tomatoes through food chopper, using coarse blade. Combine with salt and let drain overnight in cheesecloth bag. Add cabbage, peppers and onions, also put through food chopper. Mix vegetables together and add vinegar, sugar and spices (tied in a bag). Cook over low heat until vegetables are tender—about 20 mins. Pour into hot sterilized jars and seal. Makes 6 to 7 pints.

DILL PICKLES

Cucumbers 3 to 4 inches long are best for dill pickles. Wash, prick with a fork and soak overnight in cold water. Drain, dry thoroughly. In the bottom of sterilized sealers place a piece of dill. Pack cucumbers in jars. Put more dill on top. Prepare the following pickle mixture:

2 cups vinegar, 1 cup salt, 2 1/2 quarts water. Bring to boil. Pour over the cucumbers while hot. Let stand about 6 weeks before using. Yield: 4 to 5 quarts.

CHILI SAUCE AND COCKTAIL FROM ONE RECIPE

15 large tomatoes, 2 onions, 1 head celery, 4 tbsps. sugar, 3 sweet red peppers, 3 sweet green peppers, 2 tbsps. salt, 1/2 cup vinegar.

Boil all together 20 mins., then turn into a colander. Strain without stirring. Return juice to kettle and boil 5 minutes. To the solid pulp add 1 cup vinegar, a small piece of ginger, 8 cloves and 1 stick cinnamon (spices in muslin bag). Boil until thick. Pour into hot jars. Seal. Yield: About 3 pints chili sauce and 3 pints juice.

Fish Loaf

2 cups salmon or other leftover fish (flaked), 1/2 cup fine bread crumbs, 1 tsp. butter, 2 eggs slightly beaten, 2 tbsps. minced parsley, dash onion juice, salt and pepper.

Combine ingredients; pour into greased loaf pan and set in pan of hot water and bake in an electric oven 375 degs. for 45 mins. or until done.

Anne Allan invites you to write to her c/o The Grimsby Independent. Send in your suggestions on homemaking problems and watch this column for replies.

TAKE A TIP

1. Pickle small whole green tomatoes if you have sugar for pickling syrup. Cook in boiling salted water for 10 mins. Let stand overnight on tray to drain off surplus water. In the morning cook in spiced pickling syrup for 10 mins. Lift into sterile jars; fill with syrup and seal.

2. Use ordinary salt instead of iodized salt for pickling.

3. Use only one-half of amount of sugar with a substitute such as corn syrup or honey.

4. Use synthetic sweetening when the food is hot and does not have to be boiled.

THE QUESTION BOX

Mrs. R. T. asks Recipe for Barbecue Sauce.

Answer: 2 quarts ripe tomatoes, 3 large onions (chopped), 4 sweet red peppers (chopped), 2 carrots (scaped), 3 cups vinegar, 1 cup water, 4 tbsps. brown sugar, 2 1/2 tbsps. salt, 2 tbsps. allspice, 2 tbsps. cloves, 2 tbsps. cinnamon, 2 tbsps. nutmeg, 2 tbsps. ginger, 1/4 tsp. cayenne. Cut tomatoes into pieces (do not peel), mix all ingredients together and bring to a boil. Cook for 1 hour, or until soft enough to pass through a sieve. Strain and bottle. Yield: 4 pints.

CHICKENS DISAPPEAR

The Ladies of the Presbyterian Church held their Annual Bazaar and Chicken Supper on Thursday night last. The tables looked very dainty with Golden baby mums for the decoration.

The huge platters of chicken soon disappeared and were taken back to the kitchen to be filled again. With hot vegetables and gravy, everyone saying such a lovely supper.

The apron and miscellaneous tables were soon sold out.

The Ladies wish to thank all who helped to make it such a success.

Rebekah Lodge

Alexina Rebekah Lodge sponsored a Euchre and Bridge party at the close of their regular meeting Tuesday evening, November 13th, in the Masonic Hall.

There was a splendid attendance and the entire proceeds will go to the West Lincoln Memorial Hospital. The committee in charge were Ethel Platt, Jessie Hillier, Dorothy Douse, Verna Lewis and Belle Wilson.

Lunch was served by Mrs. W. Stewart and her committee. Prize winners were: Bridge, high score Mrs. Dufee, Consolation Mrs. D. Cloughley, Euchre, Ladies' first prize, May Crittenden; Ladies' consolation, Mrs. Bartlett. Gent's first, Bob Hillier.

Brownies

At the meeting of Nov. 13, Brown Owl had an interesting piece of handicraft to show the Brownies. The small doll and cradle had been made at the Brownie summer school and our Brownies are very anxious to make some this winter.

The tests in braiding and tying ties has been passed by the Brownies and it is expected they will all be ready for their enrollment on Nov. 27th.

The annual assessment of \$2.40 which comes from the Falsify Gold has been sent to Dominion Headquarters.

Games of bear and of passing the word were played and the meeting closed with taps.

Grimsby Red Cross

The sew-we-knit club will meet at the home of Miss Freeman, 7 Adelaide Street, Friday, November 16th at 3 p.m.

The St. Andrew's Avenue, Nelles Blvd. and Murray Street group will meet at the home of Mrs. Percy Wilkins, 36 St. Andrew's Ave. on Tuesday, November 20th at 3 o'clock.

The Central Circle Red Cross group will meet on Friday (tomorrow) at the home of Mrs. E. E. Farwell, Robinson Street North. There will be a quilting at this meeting, and a good attendance is requested.

Time Table For Ration Coupons

Here are the dates various coupons become valid in November:

Nov. 15—MEAT — M 11
BUTTER — 129
SUGAR — 66 & 67
PRESERVES P2 & P21
Nov. 22—MEAT — M 12
BUTTER — 130
Nov. 29—MEAT — M 13
BUTTER — 131

No butter coupons it should be noted become valid on Thursday November 8th.

Coming Events

Notices under this heading will be charged at the rate of 35 cents for 30 words, or less. Over 30 words 1 cent per word.

The Grimsby W.C.T.U. meets at 25 Mountain Street Wednesday, November 21st. Program. Report of County Executive, Choice readings from "Tidings" by every member.

Careful Cromwell

When dealing with important State matters, Oliver Cromwell, who was born on April 25, 1599, used to dictate, so it is said, three or four contradictory letters not letting his secretary know which one actually was sent.

Nuptials

REEKIE—LARSEN

In St. John's Presbyterian Church, on Saturday afternoon last, the wedding of Elinor Jean, daughter of Mr. and Mrs. L. E. Larsen, and former Flying Officer John Reekie, D.F.C., son of Mr. and Mrs. James Reekie, Winona, was solemnized. Rev. Taylor-Munro, of Penetanguishene conducted the ceremony, and Mr. James Strachan of Winona played the wedding music. During the signing of the register, Mr. Neale Miller of Winona played a violin solo.

The bride, given in marriage by her father, wore a graceful gown of white faconne crepe with a full skirt. Her long veil was held in place by a Queen Anne headdress and her flowers were Sunset chrysanthemums. The attendants were Miss Betty Jane Larsen, as maid of honour, wearing a pink wool frock with short sleeves, with black hat and veil, and Miss Doreen Bannan of Hamilton, in a frock of turquoise wool and with similar accessories. Both carried yellow chrysanthemums tied with yellow ribbon.

The groom's attendant was Mr. William Reekie of Winona, and Messrs. Louis Larsen and James Liles of Ancaster were ushers.

The reception for 60 guests was held at the Village Inn. Both the mother of the bride and the mother of the groom were gowned in dove grey, with black accessories and wore corsages of rosebuds.

For a wedding trip through the United States, the bride wore a fuchsia wool dress with black accessories. Mr. and Mrs. Reekie will reside temporarily in Grimsby.

Birthday Party

On Monday evening of last week, at Mrs. Crooks' home at Abingdon a surprise party was held in honour of Ray Travis, who has returned home from overseas.

About fifty guests were present from Calstar Centre, Dunnville, Grimsby and Grimsby Beach, Lowbanks, Ridgeville, Woodstock and Welland.

The evening was enjoyed by programs, games and dancing, the music being supplied by Ruby Wilcox, Lloyd Clarkson, Ralph, Clifford and Peter Atkinson.

Refreshments were served by the ladies, and a donation was presented to buy a signet ring.

Ray thanked his relatives and friends in well chosen words, for their kindness, and the evening was closed with the singing of the National Anthem.

Trinity Service Club

Trinity Service Club met at Trinity Hall on Tuesday November 13th. During the business meeting plans were laid for a special Christmas meeting in December. All members were reminded about the tea on Friday of this week.

After the business, Mrs. Howard Young sang two charming numbers, "In the Garden of My Heart" and "Boy of Mine." Mrs. L. A. Bromley gave us a very clear and comprehensive paper on the three and Re-establishment.

R's Rehabilitation, Reconstruction Tea was served by Mrs. Ella Merritt, Mrs. Shaef and Mrs. Millard.

Obituary

EDWARD M. WALTERS

Edward M. Walters, of Winona, well-known fruitgrower, passed away at Grimsby Friday morning.

In failing health for some time, he was born in Saltfleet and was in his 71st year. He was a member of Fifty United Church, Winona.

Surviving besides his wife, are one son and four daughters; Harry Walters, Winona; Mrs. Stanley Landry and Mrs. James Whybra both of Niagara Falls, N.Y.; Mrs. Robert McKie, Simcoe, and Mrs. Hector Blake, Montreal; also a brother, George Walters, of Beamsville, and a sister, Miss Sarah Walters, Grimsby Beach.

Rev. G. E. Morrow conducted service at the Stonehouse funeral home, Grimsby, on Monday afternoon, with interment in the Fifty Cemetery, Saltfleet.

WILL BE BURIED IN ST. ANDREW'S CHURCHYARD

Mrs. J. W. Thorburn (formerly Maud Wilson) passed away on October 28th at her home in Fresno, California. She was the youngest daughter of the late John and Sophia Wilson of Grimsby, and granddaughter of the late Hon. John Wilson, member of the Legislature of Upper Canada. The family resided for many years at what was known as Winona Park. Burial will take place in St. Andrew's Churchyard together with the remains of Mr. Thorburn who died some years ago, and of their son Joseph, who died in 1942. The time of burial will be arranged upon arrival of the remains from California.

Cubbing

Douglas Kelterbourne led in the grand bowl when the cubs and their leaders gathered around the totem pole Friday evening. An animal treasure hunt provided "steam-off." The grey six were successful in finding the largest amount of hidden treasure while the red six were a close second.

As Baloo received the dues the various sixers were busy in their lairs giving first star instructions.

If a cub wishes to be a good hunter he must be observant so Kim's game (memorizing articles displayed then covered) was played. Ronald Wicharuk was the winner for the brown six with 17 points out of a possible 21 while John Brooks brought the white six second with 16 points.

A sing song around the camp fire rounded out the hour, Ronald Wicharuk led in the mouse call

and the pack was bidden "good-hunting" for another week.

The cubs were pleased to welcome several members of the scout troop, former chums, who have returned to the pack as "elder brothers"

Time passes quickly except for a small boy reading the bill poster of circus coming to town ten days hence.

Only an experienced business man can read a contract and know whether or not he is the party of the first part.

SPORTOLOGY

(By Bones Livingston, Sportologist)

HERE'S ONE FOR RUSHTON—Quaint story by a St. Catharines old timer is told, relevant to the possible entry of Negroes into organized baseball. A Negro team visiting this city had a great pitcher, and hitter, too. The local curve artist kept the ball below his knees for three balls. Then the colored performer went down to his knees and on the next delivery batted the ball out of his lot for a home run. From that kneeling position, he broke up the oil ball game.

THE BOWLAWAY IS FULL OF STRIKERS—Aw, what's the use. LITTLE MARY NORON still leads the Hit parade and is getting farther out in front all the time. . . . It would pay some of the he-men bowlers to take a look at that score of BELL WILSON, 233-225-194 for a total of 652. Two other players on that SOUTH HAVEN team too, with scores higher than 555. . . . KAY PYNDYK also rolled a 590 for the CRAWFORD team. . . . Of course LITTLE MARY would have to trundle 219-232-219 for a 670. . . . WONDERS are starting to show their old time form. They rolled a total 3094 against ST. ANDREWS and their 2826. . . . Hot chocolate the decept old PEACH KINGS trimmed up the MONARCHS 3-1. Ain't that sumpin'? . . . GENERALS took the U. D. L's 3-1, but only by nine points on the total score. HAMMY FOX and TONY KANOPSKI staged a real old feud. HAMMY had his softball curve working to perfection while TONY was specializing with a sinker ball rolled 314-190-205 for a total of 709, while TONY had 327-175-258 for 770. . . . Mr. Baxter, K. C. how can you win games with a high total of 324? . . . For absolute erratic bowling read the scores of the players in the three games between the COUNTER HOPPERS and the WEST END. PAUL SMITH leads the parade by dropping from a high 366 to 137. . . . WONDERS against the LEGION rolled 723-675-645-529-664 for 3236. Nice going JERRY. . . . What's happened to the AKRON FLASH? It keeps him busy to reach 200 any more. . . . BIG RUSHTON has broke out in another rash. Looks like all his "never-again" statements are going to go by the boards. . . . And GRIMSBY ARENA is going to open. That is the best news that has flashed across the sports horizon of the Fruit Belt since Hector was a pup and Hec is an old dog now.

Beamsville Wins

Grimsby seniors went down to a 7-10 defeat on Friday in their return game with Beamsville. Although it is generally agreed that the Beamsville lads were outplayed, their passing was good and accounted for both touchdowns.

The only score in the first quarter was on a pass which was carried by James, the Beamsville quarter, into the end zone. The convert was blocked. Also in this quarter Bedford, of Grimsby, distinguished himself by carrying the ball for a forty yard gain on the kick off. The half ended with the score Beamsville -5, Grimsby -1.

Late in the third quarter a long pass from Jewson to Cole accounted for a touchdown by Grimsby. The attempted convert was blocked.

In the fourth quarter a quick kick on the second down by Jewson went over the Beamsville line where the Beamsville receiver was rouged by Ian Marr. At this point in the game it looked as though Grimsby might win by a small margin as the score stood Grimsby-7, Beamsville-5.

However in the closing minutes of the game a Beamsville pass was completed to Harvey on the Grimsby twenty-five yard line, within a yard of the edge of the field. Harvey was just beyond the reach of the Grimsby players and went over standing up for the winning tally. The convert attempted was low and the game ended without further scoring.

Final score—Grimsby-7, Beamsville-10.

Lines—Grimsby — Flying Wing: Cole; Halves: I. Marr, Bedford, Graham; Quarter: Jewson; Snap: Riches; Outsides: Kapusty, Martin; Middles: Jones, Marrucci; Ends: Catton, Lindensmith.

Alternates: Demerling, Farrell, Juris, Smith, Smerek, S. Marr.

Future Games

Thursday, November 15th

"Honey" Shelton

Next Door to Dymond's Drug Store

"... There She Goes!"

YES, there goes the whistle that means jobs! But remember! Factory whistles will keep blowing . . . smoke will keep pouring from factory chimneys, only if you and all of us do our part to keep Canada's dollar sound. And unless we keep the Canadian dollar worth a dollar, we're headed for inflation, and its inevitable result—depression!

Canada's active fight against inflation is a vital part of all our post-war planning. We Canadians must now—more than ever now—fight to keep Canada's dollar worth a full dollar!

Why now especially? Because now civilian goods are scarce, and yet money is plentiful. This is a dangerous condition.

It means we must maintain controls and price ceilings; support rationing and urge the support of rationing. We must buy wisely and with the greatest care: be on guard at all times, checking, working, fighting to keep Canada's dollar sound. If we do this, we can keep prices from rising. If we don't, some day we'll be paying a dollar for 30c worth of goods, which means our dollar is only worth 30c.

We know what happened after the last war! We must fight against it happening again. For our own sakes—for the sake of the men who fought overseas and to whom we owe a future with a job, we must keep Canada's dollar worth a full dollar. We must keep up an active fight against inflation!

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

Published by THE BREWING INDUSTRY (ONTARIO) to reveal the dangers of inflation.

HIGH SCHOOL HAS
shown at the Lions Club meeting on November 20 and board members were asked to attend to see the films and decide if they should be shown in the high school.

Approval was given to the holding of a reunion day for ex-students on December 21. Supplying high school students with hot lunch items, it was reported, is costing approximately \$15 a week, and will be continued throughout

the winter months as the department of education gives an annual grant of \$300 towards the cost.

Motions authorized purchase of public address equipment for the high school and installation of a card filing system for students' records from kindergarten to graduation. Accounts passed for payment totalled \$1,218.27.

REMEMBRANCE DAY
Grimsby; Reeve C. W. Durham,

township of North Grimsby; John Hewitt, for Lions Club Mrs. William Layton, for W.I. and Flight Lieut. Thomas Jarvis, for the Legion.

Graves in the soldiers' plot were decorated by members of the I.O. D.E. prayer was by Rev. George Taylor-Munro and last Post was sounded by buglers. The colour party was in charge of Robert Walters and the parade was under command of Staff-Sergeant George Warner.

Major Herman Rogers, of St. Catharines, presided at the service and ministers taking part were: Dr. Nell Leckie, Rev. Francis McAvoy, Rev. George Taylor-Munro, Rev. E. A. Brooks and Father I. Lesluk. The roll of honour, containing 150 names, was read by William Lothian, and Last Post was sounded by Sgt. Walter Phipps. T. L. Dymond was accompanist for the hymns. Girl Guides were ushers.

LAKE EROSION

property damage than they protect. This fact has been proven all up and down the lake where solid piers have been built for protective purposes. The sooner the township pier on the west end of the township is blasted out into the lake the better for property owners in that vicinity.

Further questioning regarding the waterworks pump house elicits the information that at the time ex-Mayor Hewson and the Water Commission of that day, put in the heavy steel piling east of the pump house and pier, high water was already over the intake pier and up over the lawn of the little park and at times even running in the side doors of the filtering basin. In order to protect the building as well as the park the piling was sunk. That piling today is all that is saving the pump house from being undermined and washed out into the lake. Considerable piling of a like type or a open-work groynes positively will have to be built west of the pump house or tremendous damage will result.

At North Grimsby council on Saturday Councillor Mitchell stated that he had contacted Mayor McConkey of Niagara-on-the-Lake regarding Engineer Wood and had received assurances that as soon as Mr. Wood returned from the United States Mr. Mitchell would be notified.

In the meantime, Reeve Durham

stated that he had been in consultation with Mr. Young, a new resident of Grimsby Beach, who has had considerable experience in the construction of protective piers and groynes, and that he had also been informed that there were two other engineers living in our midst with like experience. A meeting of the town and township councils and all interested residents of the two municipalities will be held in the council chambers on Sat. afternoon, Nov. 17th, when it is expected that these engineers will be present and give the meeting their impressions and advice on the whole situation.

The letter received by North Grimsby council from Mr. Lockhart, is as follows:-

Ottawa, Ontario,
November 2nd, 1945.
Mr. Thomas W. Allan,
Clerk-Treasurer,
Township of North Grimsby,
P.O. Box 85,
Grimsby, Ontario.
Dear Mr. Allan,

I regret that I have been unable before this to acknowledge receipt of your letter of October 18th with attached copy of the resolution passed by the Council of North Grimsby Township on October 13th last.

Since receipt of your letter I have been endeavouring to ascertain what responsibility is accepted by the Federal Government in so far as the maintenance or upkeep of inland water beaches is concerned. I find that in a few cases where a service of some sort is carried on by the Federal Government they have undertaken to maintain beach lines at such points. I am told, however, that there are very few of these instances. The Department handling such cases is the Department of Public Works in the Federal Government. In my discussion with the officials of the Department of Public Works here I made the statement that a temporary boat service had been maintained in the past during the summer season between Grimsby Beach and Toronto and to facilitate such service a small pier had been erected. It has been stated to me by people living in the vicinity of Grimsby Beach that in their opinion the backwash caused because of the pier constructed at this point had the effect of making more rapid inroads into the beach lines than would have been the case had no pier been erected. One of the officials of the Department pointed out to me that if this fact can be proven it is just possible that the Federal Government could be induced to accept some at least of the responsibility.

I have been advised that if it is felt that such a claim as I have outlined can be established and your Council directs you to write to the Department of Public Works outlining the details of the situation, I am assured that an investigation will be made into the whole situation. You should direct any representations to the Minister of Public Works, Ottawa.

Further, I would pass on the opinion expressed by the official I consulted here, who informed me that it has always been considered the responsibility of the Provincial Governments to deal with any matters arising from erosion or such along inland shore land lines throughout Canada. Accordingly, if you feel that you have a complaint to make to the Federal Government along the lines I have suggested you are free to follow such a course; otherwise, it would appear that the only other authority to appeal to would be the Department of Lands and Forests of the Province of Ontario.

I believe this covers the subject matter of your resolution and is the best information I can possibly obtain in the matter.

Yours faithfully,
N. J. M. Lockhart,
M.P. for Lincoln

WILL PURCHASE DUMP

cubic yards of rock, suitable for road repair work, at \$2.60 a yard, or a total of \$7,800.

Another small deputation from the Park Road section appeared before council with regard to the new proposed brickyard. Reeve Durham informed them, that so far as council knew, they believed that the project had been abandoned insofar as North Grimsby was concerned. He stated that all plans and specifications and other papers that had been filed with council had been recalled by the company representatives.

Deputy-Reeve George W. Crittenden, a member of council on a recent deputation, that he had visited two very large brick making plants and from what he could learn, and from observation of the countryside, these plants had never caused any damage. He had also visited the University of Michigan and had learned from one of the college professors that there were several kinds of clay used for brick and tile making, some of which produced no injurious results to foliage and plant life and others that did. The professor would have to have a sample of the local clay for examination before he could state whether it produced

injurious fumes and gasses or not.

Reeve Durham reported that between small boys and pheasant hunters no less than 19 large street lights had been broken on the west end system during the last few days of October.

On motion of Councillor Aitken council will call for tenders for the purchase of a new three ton truck equipped with hoist dump body and suitable for snow plow work.

Lake erosion was discussed by council, the report of which will be found in another story in this paper.

George Udell offered council \$100 for the building lot at corner of No. 8 Highway and Nelles Road. Council may round-off this corner before disposing of the lot, but Mr. Udell would have first call for purchase.

Public library received the balance of their annual grant amounting to \$200.

John P. Bridgeman and Harry Walters appeared before council on behalf of themselves and their neighbors regarding a blocked up ditch adjoining their properties on the Barton Street that is causing considerable flooding damage.

Council will look after the matter.

Total road expenditure for 1945 approved by the Department of Highways amounts to \$13,000.

Reeve Durham reported that he had distributed 310 poppies to school children of the township, a gift from the Canadian Legion. Council granted the Legion \$25.

Water Rates Collector Herb. Gillespie reported that for the waterworks year ending Nov. 9th there were 180 water services in the East End system with total receipts of \$3,749, with only eight water accounts unpaid. West End system has 68 services, with receipts of \$1,516.65 and only six accounts unpaid.

Reeve Durham reported that he had sold pheasant licenses to the amount of \$324. He issued licenses to hunters from all points on the compass between Windsor and Ottawa.

R. A. Moll was granted a permit for a new home and garage on his property at the corner of Barton street and Oldfield Road, at an estimated cost of between \$8,000 and \$9,000.

Council will sell several lots that they own in Grimsby Beach.

Engineer Ure will be called in to survey the Beamer property recently given to the township for park purposes by Burgess Book.

Not Sure?...

The safe way is to look in your directory

If you are even a little doubtful about the number you are calling—please consult your directory. You'll not only avoid the embarrassment of getting the wrong party and disturbing him unnecessarily; you will also help to ease the load on heavily burdened telephone equipment.

And please remember these other simple rules of **GOOD TELEPHONE USAGE**

1. Give the person you call plenty of time to answer.
2. Answer your own telephone promptly.
3. Hold the mouthpiece close to your lips and talk directly into it.
4. Avoid breakage—Replace the receiver g-e-n-t-l-y. And keep the instrument away from table-edges, etc.

EMERGENCIES
arise in any family

Banks are continually making small loans to meet these emergencies which can upset the best-planned budgets.

Three out of every five bank loans are for less than \$500. Many of these are used to take care of such expenses as doctor or hospital bills, temporary embarrassment at tax-time, a sudden journey, the winter's coal bill.

Again, educational needs of the family often are financed by small bank loans.

These small loans enable individuals to consolidate debts, and to pay back from income.

Small loans furnish just one more example of the service available to you at your bank.

CONTINUATIONS From Page One

GEO. UPPER GOES

Last week George purchased a new bus in Buffalo and after making a few minor changes, in order to give better service, brought the vehicle to Canada.

He expects that in time he will be granted permission by the Department of Highways to accept charter trips for lodges, sports organizations, etc.

WILL CELEBRATE

Mr. McDormand's contribution to the church life of Canada has not been confined to his own denomination. In his present task he is co-editor with Dr. G. Little of the United Church of the Joint Sunday School supplies issued by the United and Baptist churches in Canada. He is active on several inter church boards and has been in wide demand as a speaker for special occasions. His coming to Grimsby we are sure will be of general interest and his messages will be a source of inspiration.

There will be special music at both services from the choir. The visiting vocalist will be Mrs. Mitchell of Toronto whose singing in the Grimsby Church in past years made a lasting contribution to this town. There will also be special instrumental music with a trio of young men from McMaster University being present. A warm invitation is given to the public to attend these services.

TOWN COUNCIL

Phelps and Ingelhart fathered a motion to purchase the property for street purposes at \$800, providing a clear title deed can be secured, and that a bylaw to this effect be prepared for passing at the December meeting.

Bonham and Bull submitted an amendment to the motion, that the council before taking action go as a whole and thoroughly go over and inspect the property. This amendment on vote was lost. Ingelhart, Phelps, Hewitt and Bourne voting Nay.

The original motion carried with Bull, Bonham and Chivers voting Nay.

There is quite a possibility that there may be a tangle in the deeds to this property. This land was acquired by the old H. G. & B. along about 1894-95, when the railway came to the top of the hill over a purchased right-of-way through farm lands. Village council would not grant the railway running rights through Main street unless they opened up the land on both sides of their right-of-way for street purposes. The late Jas. A. Livingston was elected Reeve on this platform and the issue wound up in the courts and the railway was ordered to open up the property, and that is how Livingston avenue got its name. Just what strings or clauses regarding future use of the property could be made, if the railway ceased to operate, is not known at this time. Solicitor Seymour will look into the question.

Hydro Electric Commission secured the property when it purchased all the assets of the railway. At that time the actual right-of-way between Murray St. and Kerman Ave. reverted to the town. The land now in question with the brick building was sold to Hewson and Son.

Mr. Dawson of the Stoney Creek Dairy appeared before council and stated that he had been led to believe that the Milk Control Board would now sanction the issuance of a license for his dairy to deliver milk in Grimsby. A year ago council issued Mr. Dawson a license but at that time owing to war restrictions the Milk Board would not sanction it. Council will grant him a license subject to the approval of the Board.

Edw. Hand requested council to either allow him to purchase, or lease, the land on the lake shore, owned by the town, at the extreme end of Maple avenue, for the erection of summer cottages. Council was rather vague on the law on this procedure as the property in question is a part of the Maple avenue roadway. Solicitor Seymour will be consulted on the matter.

Reeve Lewis was out of town and Councillor Bourne, Dean of the Council, occupied the Reeve's chair.

Meeting was graced with the presence of ex-Reeve H. G. Mogg. He gave the council a little "soft soap" on their ability and the work they have done during the past year, before proceeding to his point that being that the council give Grimsby Arena every support upon its being reopened, and in the future.

Gordon Hills presented a plan showing alterations he wished to make to his residential property on Main street east. He will convert the house into four apartments. A building permit was ordered issued.

Chief of Police Turner showed by his October report that he is after bicyclists who ride on the sidewalks, as one paid a fine of

\$1 for so doing. One theft charge, 15 days in jail; one theft charge one year suspended sentence; one charge receiving stolen goods, two years in Guelph; one parking charge, \$2 fine; one stolen car recovered for St. Catharines Police; complaints investigated 22; for Humaine Officer four dogs, four cats; dog tax collected \$29.25.

Waterworks report for October showed 12,890,000 gallons pumped; average day 415,800; biggest day, October 1st, 546,000; smallest day, October 27, 315,000; increase for month over 1944, 983,000; increase in average over 1944, 31,700; gas engine run seven and one-half hours; east end system of North Grimsby used 965,000; west end system 254,000; power bill for October \$151.09; September \$171.46; October 1944, \$190.41.

Tax Collector Jewson reported taxes collected for 1945 in October \$3001; total amount of \$4,028, for arrears, current and \$240 on 1946 taxes; taxes collected from January 1st to October 31st, arrears, current and pre-payment \$46,772; current taxes to date amount to \$42,455.

Peninsula Lumber Co. was granted a permit for the erection of a new office building at their lumber yard.

Merritt Bros. were granted a building permit for a new boiler house on their property on Victoria avenue.

Two building lots in the Stewart survey on Murry street sold to Fred Mason for \$100.

Howie Ferris, Civic poundkeeper, has been feeding dogs, cats and other stray animals for the past four years without any remuneration. Council squared accounts by granting him \$60.

Joint Fire and Light accounts for \$36.91, were ordered paid.

Relief accounts for October totalled \$68.08.

Council passed a motion of sympathy, re the serious illness of ex-Mayor E. S. Johnson.

W. A. MacFarlane was granted a license for the peddling of fish, poultry, etc. in the town.

Members of council will attend meeting re lake erosion in the Council Chambers on Saturday afternoon at 1.30 p.m.

Councillor Bonham explained the whole lake erosion situation to council, particularly with regard to the pump house and sewage plants. He stated that action must be taken immediately before the town is faced with an expense running into hundreds of thousands of dollars.

General voucher list accounts for \$1,506 were ordered paid.

A bylaw was passed authorizing the issuance of a deed for the property on Main west, at top of Palmer's Hill, to West Lincoln branch at the Canadian Legion for the sum of \$1.

This property will be the site of the Legion's new club rooms and community hall.

Mayor Bull reported that all dog taxes had been paid with the exception of two delinquents.

A \$1,000 Victory Bond was purchased for the Perpetual Care Fund of Queen's Lawn Cemetery.

Monthly Meeting Junior Farmers

On Wednesday evening, November 7th, the regular monthly meeting of the Lincoln County Juniors was held at the home of John Powell, St. Catharines.

Final arrangements were made regarding the "At home and Dance" to be held on Friday evening, November 16th, at the Leonard Hotel, St. Catharines.

Plans were discussed for a play to be put on by the Juniors sometime in the new year.

The December regular monthly meeting will be held at the home of Florence Dalrymple, R.R. No. 3, Smithville.

A presentation was made to Mr. and Mrs. Gordon Schwenker, a recent bride and groom.

Pensions Granted

The Lincoln County Pensions Board heard a total of 19 applications at the regular meeting held last Thursday in the County building.

Chairman George Headley and the members of the board forwarded recommendations in 12 cases of applications for old age pensions. Five cases were laid over for future action by the board and one

Quality Guaranteed "SALADA" TEA

application was not recommended. A recommendation was also made in one case of application for the mother's allowance.

Present at the meeting yesterday were: George Headley, Chairman;

Mrs. T. Wilcox, Mrs. W. H. Croce, George Montgomery, W. H. Shep-

herd and Secretary Miss J. Davidson.

This will also be recalled as an era when the organization didn't feature the sales chart.

TO THE PEOPLE OF WEST LINCOLN

You will be interested and pleased to know that the West Lincoln Memorial Hospital is now within a matter of weeks when we hope to open and serve the people of this district.

This Institution, at a total value of \$75,000.00, is clear and clean of debt paid for by the Public, is owned by the Public and will be operated at no profit.

The Directors feel that the Hospital should have a minimum of \$5,000.00 cash to pay for operating supplies and other operating expenses before opening, and in order to raise this in that area in and around Jordan, Vineland, Beamsville, Grimsby and Winona, a public drive will be made November 19th-26th.

Your support is needed in order to start out right.

A. R. GLOBE,
President,
West Lincoln Memorial Hospital.
